MATHEMATICS

## ACCELERATE LEARNING. CLOSE GAPS. EVERY STUDENT ALGEBRA-READY.

### Grades K–7

Originally developed at Stanford University and grounded in more than 25 years of research in adaptive learning technology, Redbird Mathematics is an all-digital personalized learning program designed to supplement instruction and proven to accelerate learning for all students from remedial to advanced.

Enhance your math curriculum with student-driven, personalized learning that will:

- Deliver just the right level and amount of instruction and practice to propel learning forward
- Use STEM connections to show students why algebra readiness matters and connect math to the real world
- Identify and close algebra readiness gaps, without requiring additional whole class instructional time
- Generate real-time data to help you make insightful, actionable decisions about every student’s progress towards algebra readiness

1-year subscription ..... 978-0-07-898672-7 ..... \$10.29

#### Goal: Simulate the evacuation of a coastal town.

**1. Determine the number of evacuation vehicles needed.**

**2. Direct evacuation vehicles to bring the town's residents to safety.**

Choose the shipment with more material.
