## Language Highlights

### ★「關係副詞」的用法

At nearby Pyramid Lake, **where** tourists can try fishing, there is a small island that tourists can reach by a footbridge to relax and enjoy a picnic.

★「關係副詞」=「介系詞 (in / on / at...) + 關係代名詞 (which)」，兼具副詞及連接詞的功能，可引導形容詞子句，表時間、地方、理由、方法等，且先行詞有時可省略，說明如下：  
That is the factory (which) Ian used to work at.  
→ That is the factory at which Ian used to work.  
(形容詞子句裡的介系詞可移至關係代名詞前)  
→ That is the factory where Ian used to work.  
(介系詞 + which = 關係副詞)

- All Aboard! The Rocky Mountaineer Is Leaving the Station
- Some of Canada's most magnificent sights can be seen in the Rocky Mountains, and for those in the mood for a "road-less-traveled" style of adventure, a luxurious train known as the Rocky Mountaineer is the best way to see them.
- The train, which only travels by day so as not to miss out on any of Canada's spectacular landscapes, offers panoramic views of the Canadian wilderness and the wildlife that inhabits it.
- While the train cruises along the tracks, knowledgeable hosts entertain passengers with thrilling storytelling and local history.
- Amid the pine trees and staggering mountain cliffs, home to soaring birds of prey, passengers dine on exceptional meals with a focus on regional cuisine.
- Between April and October, passengers can choose from four stunning itineraries to four different
