Diverse content. It features a highly-respected, diversified mix of scholarly journals, trade publications, magazines, and other content, such as the White House Briefings, White House Press Releases, and respected blogs. Research Library covers more subject areas than other general reference resources, making it useful for serving the diverse needs of both one-time and serious research inquiries. It covers the top 150 core academic subject reference areas extensively, making it not only an invaluable database for a number of academic disciplines but also accessible to readers and researchers at every level.

The Economist Exclusive !!

Full text coverage : Jan 4, 1992 - present

The Economist is a British weekly magazine that focuses on current affairs, international business, politics, technology, and culture. It provides wide-ranging coverage of general news and particularly of international and political developments and prospects bearing on the world's economy. The publication is known for its social-libertarian slant and maintains that free markets provide the best method of running economies and governments.
