

+ 遠端協同教學系統

- 支援 1 對 1 線上教學指導
- 支援群組多人線上教學指導
- 可線上傳送指令教學訊息
- 可線上傳送教學訊息
- 可同時多視窗觀察學生使用教學內容

The screenshot displays a multi-paneled interface for remote teaching. On the left, a list of participants includes names like '01-王大明' and '02-陳明誠', with a green checkmark next to the second entry. Below this is a '事件' (Event) table with columns for '級別' (Level) and '時間' (Time), showing three '訊息' (Message) entries from 2023-07-13. The main area is split into three windows: a video of '十分瀑布' (ShiFen Waterfall) in New Taipei City, a window titled 'TAIWAN | 8K 60 看見台灣' (TAIWAN | 8K 60 See Taiwan), and an Arduino IDE window showing code for 'sketch_jul18a | Arduino 1.8.5'. The IDE code includes 'void setup()' and 'void loop()' functions. A large white box in the bottom right corner displays the text '測試測試1234' (Test Test 1234).

4 OKOK

```

sketch_41734 $
void setup() {
  // put your setup code here, to run once:
  ip?
  |
}

void loop() {
  // put your main code here, to run repeatedly:
  |
}

```
