Blended Learning

Designed to be used with blended learning, Winnie's World course' includes a full set of complementary materials, such as a student workbook, teacher's guide, flashcards, videos and audio files, are available to enhance the blended learning experience.

Captivating Activities

Young learners can click through the course and follow instructions given by child-friendly characters and animals. Every lesson comes with a song and a variety of engaging activities that can be done as many times as needed and will help children to start understanding and speaking English.

Content designed for young learners

Winnie's World encourages children to learn English naturally by watching, listening, and engaging in a fun and imaginative world of language.

They will learn how to:

- Count in English (from 1-10)
- Recognize and speak keywords and phrases
- Understand spoken English on topics such as: numbers, colors, family, clothing, parts of the body, school, food, feelings, and emotions.
